

LOCKPILE SOFTPILE CARPETS

BENEFITS OF LOCKPILE & SOFTPILE

Cuts easily, will not fray or unravel

Resists harsh chemicals

Fire Retardant (FMVS 302)

Mould and Mildew Resistant

Static Resistant

Outstanding Resiliency

MARINE & AUTOMOTIVE

DURABLE AND FLEXIBLE, THE PERFECT PAIR

Lockpile & Softpile are the perfect pair, colour matched to give you the greatest flexibility in your marine or automotive installation.

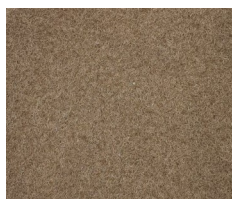

Lockpile is designed with its unique **fibre locking system** that permanently locks each fibre in place, resulting in a highly durable carpet.

Married along side this is the **Softpile** Unbacked Carpet that allows you to line walls, wheel arches and other 3 Dimensional surfaces. **The superior fibre construction allows you to stretch and manipulate** Softpile over shapes while maintaining a consistent colour and texture.
